Vehicular access to the trade fair site

Setup

We request that all exhibitors, stand construction companies and suppliers who have to drive onto the trade fair site go first to the check-in at car park P9 from Tuesday, 15.02.2022. Access to the site will be organized from here.

Dismantling evening

For vehicular access on the dismantling evening on Sunday, 20.02.2022, access tickets with call-off numbers are required. These authorize vehicular access to the trade fair site on that evening with no need to pay a deposit.

You can pick up the access tickets on Friday, 18.02.2022 from 9.00 a.m. till 12.00 p.m. at the Service office (Hall 6, 1. Floor) or on Sunday, 20.02.2022 at the Service office and on the parking places P2 and P9.. We expect that there will be vehicular access to the site on Sunday, 20.02.2022 from 7.15 p.m. for all vehicles.

Cars without a trailer can drive onto the site on Sunday, 20.02.2022 between 6.00 p.m. and 6.30 p.m. for 30 minutes. Payment of a deposit of € 100.00 is required. There is no need to check-in for this short-term pick-up access.

Office Exhibitor Trade Fair Services

During FAHHRAD ESSEN 2022, the trade fair management / service office is located outside Hall 6 on the first floor. Here, you will find all the right contact partners from exhibitor trade fair services to assist you. You can place additional service orders there, if necessary.

Online media package

As an FAHRRAD ESSEN exhibitor, take advantage of the benefits of our online media package which is automatically an integral part of your registration. You will find an overview of the media services below or in the closed exhibitor area. You will automatically receive the access data for the closed exhibitor area by E-mail. Find out about your trade fair success in our [YouTube-Video](#) in just 90 seconds. The mandatory flat fee of €99.00 per exhibitor and co-exhibitor includes various services for you:

Online exhibitor list: With company presentation, company and product description, photos as well as website and E-mail address. In addition to comprehensive trade fair-related news, you also have the possibility of posting information concerning your company, such as press releases, in your profile. Provide links to your social media channels and RSS feeds as well.

Product and trade fair innovations: Tell visitors and journalists all about your company and your product innovations. Media, customers and potential visitors can therefore access your press information, address, website, photos and logos in a targeted way, as all the information is linked to your exhibitor profile. You upload a text – we will make sure it is optimally tailored for specific target groups.

Stand promotions: Publicize your stand promotions. These appear on the website "News" and in your exhibitor profile.

Interactive hall map: All the data which you enter can be called up in the interactive hall map.

Personal FAHRRAD ESSEN banner: Put the FAHRRAD ESSEN banner with your hall and stand number on your website and use the banner as an E-mail boilerplate or download it in print quality.

Media center: "Media, customers and potential visitors can access and use their official image material in the media center for their reports. You have the possibility to upload up to four pictures for free in our media center. Take the chance and present your products in the best possible way. "

You can make all the entries independently in our "closed exhibitor area": www.messe-essen-digitalmedia.de. We will send your access data to you by E-mail.

NEWSLETTER TO ALL EXHIBITORS FOR 2022

Dear Sir/Madam,

in order to make it easier for you to prepare for the exhibition, we have put together some important information and documents for you in this newsletter.

Please forward this letter to your stand constructors if applicable.

Important information!

The Technical Guidelines of MESSE ESSEN GmbH are a vital element of participation in the trade fair and must be adhered to. The exhibitor assumes the duty to ensure public safety on the stand area allocated to him by MESSE ESSEN GmbH. Exhibition stands, including furnishings and exhibits, as well as advertising media, must be set up in a sufficiently secure manner in order to ensure that public safety and order, especially as concerns life and health, are not endangered. During set-up and dismantling works, it must be ensured that any potential impact of the hazards arising from the work remains exclusively restricted to the allocated stand areas. Assuming that the form and design of the stand comply with the Technical Guidelines, it is not necessary to submit drawings for approval for single-floor stand structures in the halls.

Upon request, MESSE ESSEN GmbH will give exhibitors the opportunity to have stand construction plans that are submitted on time (in duplicate with clear dimensions in floor plan and elevation) reviewed by a structural engineer contracted by MESSE ESSEN GmbH for a fee.

Beyond this, all other stand structures, mobile stands, special structures and designs require permits. The costs incurred for this are to be found on the "approval of special structure"-A 0.2b.

All permits are only valid for the relevant event.

The Technical Guidelines can be found on the respective exhibition website. In the section "Exhibitor Service / Approval and important information."

We wish you and your team all the best with your preparations and hope you will have a successful trade fair here in Essen.

Kind regards,

Your MESSE ESSEN – Team

1. How to get here

1.1. Travel preparations

In order to help you with your travel preparations and hotel reservations, we have set up a direct link from our homepage to our partner at the Essen Tourism Office. Their team will be happy to assist and advise you at all times.

1.2. Enviromental zone

You will find information online at the respective exhibition website under the heading "Arrival by car".

2. Setting up and dismantling the stand

2.1. Chargeable early stand set-up

In order to enable you to apply for early stand set-up, which is chargeable, we have prepared a form. You just need to fill this in with your exhibitor details and the time you wish to set up, so that we can check your appointment.

Contact:

Technical department

Fax: +49(0)201-7244-483

E-Mail: technik@messe-essen.de

2.2. Forwarding services

Our forwarding partner is Schenker Deutschland AG. If you have any queries, please get in touch with:

Contact:

Mr. Hans-Joachim Firmenich

Fon: +49(0)201-959791-0

Fax: +49(0)201-959791-25

E-Mail: fairs.essen@dbschenker.de

2.3. National insurance card / work permit requirement

Please inform your stand construction company that the Duisburg main customs office will check the staff's national insurance documentation.

2.4. Vehicular access to the trade fair site

In order to ensure trouble-free transport to the trade fair site during set-up and dismantling times, all vehicles must be removed from the trade fair site immediately after the loading process. Car park P2 and P9 are available as an intermediate parking area for the vehicles.

Vehicles which are parked illegally on the trade fair site or which block emergency routes will be towed away at the cost of the person responsible or the owner. It is possible to drive onto the trade fair site in return for a deposit of € 100.00. This deposit will be refunded upon exit within the time noted on the deposit slip.

You can also find further information on the respective exhibition website under the heading "Exhibitor Service / Logistic services / Traffic guide".

2.5. Power supply for set-up and dismantling

The power connection ordered for the stand is normally made available from the last set-up day and it is switched off 2 hours after the end of the event.

Any additional power supply that is required is provided free of charge on the hall walls, columns and gates up to a maximum of 10 kW/CEE 16 A. Any power supply in addition to this or an early activation of the connection you ordered will be subject to a charge. Please order this using Form B1.2 (electricity). Applications for set-up and dismantling power must be submitted one week before the start of set-up. After this, it is no longer possible to provide power before the last set-up day. Costs for this are € 116,90 plus power consumption for set-up and dismantling.

3. Exhibitor Trade Fair Services

On the respective exhibition website, you will find all the information and order forms for various services, for the set-up and equipment of your stand, the advertising and organizational materials as well as the press service. In addition, there you will find all the necessary information, e.g. regarding the environmental zone, the traffic guide, travel information, etc.

Specific services (including suspensions of any kind from the hall ceiling and roof constructions of the exhibition halls, electricity, water and compressed air connections, sprinkler systems, underfloor installations and foundation work, surveillance, forwarding services on the trade fair site, telephone and data connections) must always be ordered through MESSE ESSEN GmbH and are exclusively provided by a contracting company of MESSE ESSEN GmbH. Please pay particular attention to the Technical Guidelines and the General Terms and Conditions of MESSE ESSEN GmbH. Furthermore, we recommend taking out exhibition insurance.

In order to ensure that our service companies can execute your orders on time, please submit all requests and order forms to MESSE ESSEN GmbH up to 6 weeks before the first set-up day.

From 6 weeks before the start of the fair we have to invoice a surcharge of 20 % for all ordered services. Please note that from the first official set-up day on we will have to charge a 35 % surcharge for all orders.

If rental items or services are ordered after the registration deadline, MESSE ESSEN GmbH assumes no responsibility for complete and punctual contractual performance.

Please also note that cancellations of services are only possible in writing up to 4 weeks before the start of the event. If cancellations are made at a later time, the full rental price will be charged.

3.1. Shell scheme stands

Exhibitors can acquire shell scheme system stands directly through MESSE ESSEN GmbH. The five types of stand "BASIC", "ECONOMY", "COMFORT", "PREMIUM" and "EASY" are a complete package which of course can be individually chargeable upgraded to meet your requirements. You will find an overview of all shell scheme system stands on the respective exhibitor website under the heading „Exhibitor Service / Stand Construction“.

3.2. Waste disposal

All waste which is created during the event or the set-up / dismantling of the stand is to be handed over by the originator of the waste (exhibitor / stand constructor) to the waste proprietor (MESSE ESSEN GmbH). Due to statutory provisions, the waste proprietor is obliged to ensure proper disposal. (The provisions of the KrWG - Law on Life Cycle Management - apply in the version valid at the time, along with the associated implementation rules and ordinances and the state laws and municipal by-laws.) For any waste that is not reported or is left behind in the halls, an increased fee of € 200.00 /m³ or € 3.00 /m² for carpeted floors is levied.

3.3. Stand partition walls

If you do not have your own stand system, you can request stand partition walls from MESSE ESSEN GmbH using the form „System Stand Elements + Graphic A2“. The running meter (white) is provided for rent at a price of € 38.00 including set-up and dismantling.

Please avoid damaging the stand material or pasting anything onto it. We would like to make you aware that you will be invoiced after the end of the trade fair for cleaning stand material that has been soiled or had items adhered to it or for acquiring a replacement for stand material that has been damaged. Please therefore handle the materials carefully. Hang your graphics using hooks, or simply stick items on selectively using nothing other than adhesives that can be removed without leaving any residues (e.g. TESA Power Stripes).

You can obtain hooks in Service Center and the adhesive in the exhibition shop in outdoor area 2 in hall 2.

3.4. Floor covering

It is also mandatory to provide the rented stand area with a floor covering. You can choose between carpets or higher-quality floor coverings. For this purpose, please use our forms A7.1 – A7.10, which you can find on the respective exhibition website under the heading “Exhibitor Service / Stand equipment / Floor coverings”.

3.5. Decorations

We would like to ensure that you are aware that all materials used for decoration must be fire resistant and proofed in line with DIN 4102 in accordance with our Technical Guidelines point 4.4.1.1. Furthermore, we would like to draw your attention to the fact that your stand

decoration should always cover the floor area. In the event of damage of the floor area by heavy exhibition goods or contamination of the floor area by e.g. decorative sand, we will charge you for the costs incurred by us as a result.

3.6. Free WiFi

Since 1 January 2016, MESSE ESSEN GmbH has been providing all exhibitors with free of charge WiFi access in its exhibition halls at its own events. You will find the 16-digit access code to "MESSE ESSEN free WiFi" on your exhibitor pass.

Contact:

Technical Department

Fax: +49(0)201-7244-483

E-Mail: technik@messe-essen.de

The exhibitor is responsible for and obligated to provide verification of structural safety. Exhibition stands, including furnishing and exhibits, as well as advertising media, must be set up in a sufficiently secure manner in order to ensure that public safety and order, especially which concerns life and health, are not endangered. During set-up and dismantling work, it must be ensured that any possible effects of hazards arising from the work remain exclusively restricted to the allocated stand areas.

The exhibitor is responsible for implementing the additional safety measures required in this regard and ensuring compliance with the relevant regulations. The exhibitor is responsible for structural safety and has a duty to provide proof of this where necessary. Standing structural elements and / or special structures (e.g. free-standing walls, high exhibits, high decorative elements) that could tip over must be rated for at least a horizontally acting equivalent distributed load in qh:

Stand: 21.12.2021/ Subject to change

$q_{h1} = 0.125 \text{ kN/m}^2$ up to a height of 4.00 m from the upper edge of the floor $q_{h2} = 0.063 \text{ kN/m}^2$ for all surfaces above a height of 4.00 m

The reference area is the respective elevation area. The documentation issued for this must be submitted to MESSE ESSEN GmbH in auditable form on request.

Detailed information can be found in our Technical Guidelines under point 4.1.

4.3. Neighbouring zone and stand design

The structural height is normally 2.50 m. This dimension corresponds to the height of the stand perimeter walls provided by MESSE ESSEN GmbH (for a fee / see form A2.1). On request, and if stand drawings and any evidence of structural stability that may be needed are submitted, the management of the trade fair may approve different structural heights where applicable.

No gap to the neighbouring stand is required for a single-floor structure.

For two-storey constructions, the approval of the neighbouring standholder is required (if the second storey has an open construction) (point 4.3 of the Technical Guidelines). It must be ensured that the stand sides located adjacent to visitor corridors are transparent: the maximum permissible closed area is 50 %. The rear sides of stands that border neighbouring stands must be kept neutral, so as not to adversely affect the design of the neighbouring stand (point 4.7.1).

5. Hygiene Concept / corona measures

The respective exhibitor is responsible for implementing the hygiene measures at the individual stands. You will therefore find the MESSE ESSEN GmbH hygiene concept clearly summarized on the homepage www.messe-essen.de.

5.1. Entry requirements

You will only be able to enter the exhibition centre if you have proof of vaccination, testing or recovery, as outlined below:

- You have been vaccinated against COVID-19 in accordance with section 2 of the Coronavirus Protection Ordinance and can provide valid documentary proof of this at the entrance to the trade fair site on the day you are attending an event;
- You have recovered from a COVID-19 infection and can provide documentary proof of a positive PCR test (or other nucleic acid test) that was performed at least 28 days but no earlier than 6 months ago;
- You can provide proof of a negative test in accordance with section 2 of the Coronavirus Protection Ordinance at the entrance to the trade fair site on the day you are attending an event.

You, your employees and your service partners must have the requisite proof (vaccination, test, recovery) in a digital format that is suitable for scanning with the CovPassCheck app. Proof of identity (photographic identity document such as passport, ID card or driving license) will be checked on a random basis.

5.2. Standconstruction and dismantling

Surgical face masks must be worn during construction and dismantling.

5.3. Standdesign

We recommend taking suitable precautions to prevent droplet or smear infection. These include:

- Installing transparent screens at reception desks and other interaction points;
- Applying floor markings to guide visitors and ensure they keep their distance;
- Providing hand sanitiser;
- Installing generously sized meeting rooms and hospitality areas.

5.4. Access and admission

Exhibitor passes and passes for service staff will be scanned contact-free at the entrance. Cashless and contact-free payment (e.g. of parking tickets or in restaurants) is possible.

5.5. During the event

Surgical face masks must be worn in the exhibition halls. Surgical face masks are not required in the following areas:

- In outdoor spaces;
- When seated at stands and in catering facilities such as restaurants or Coffee Points.

Stand parties, receptions or similar must be approved separately by the event organizer.

5.6. Hygiene and protection Measures

We recommend that you provide hand sanitiser at your stand. In addition, we have installed a large number of hand sanitiser dispensers and hand-washing facilities throughout the site.

Please ensure that contact surfaces such as counters, tables and door handles are cleaned regularly.

You should observe coughing and sneezing etiquette and keep your distance from other people.

5.7. Catering / restaurants

All our restaurants apply the general rules for the catering sector that you are already familiar with. These include being able to remove your surgical face mask once you are seated and registering your contact details.

Catering staff at your stand must always wear a surgical face mask.

Please choose food and drink that are individually packaged or can be easily portioned for serving. You may not provide self-service food and drink.

Our catering partners will be happy to design an individual catering concept to meet your needs. If you choose not to work with one of the Messe Essen catering partners, your service provider must prove compliance with the Coronavirus Protection Ordinance of the State of North Rhine-Westphalia.

6. Contractual penalty for premature dismantling

Stand dismantling may not begin until the last day of the trade fair after the end of the exhibition. If this requirement is contravened or if the obligation to man each stand with sufficient staff numbers during the opening hours of the event is not met, Messe Essen has the right to demand a contractual penalty of 25 % of the net invoice amount of the stand rent. Further claims of Messe Essen remain unaffected.

7. Exhibitor passes and parking tickets

7.1. Exhibitor passes

The exhibitor passes to which you are entitled are available in the closed exhibitor area for download. You will receive your access data for the [closed exhibitor area](#) via email. You have the option to personalize the passes, to send them by email, print them out or save them on a smartphone.

Any additional chargeable exhibitor fair passes can be purchased there. Only tickets that were used to enter the fairgrounds are billed. In the Service Center, additional exhibitor passes can be ordered on-site on a PC, and passes that have already been ordered can be downloaded and printed out again.

You can obtain more information in the “closed exhibitor area” on the respective exhibitor website.

7.2. Parking tickets

You can only purchase car parking tickets for exhibitors online. The online shop is integrated into the closed exhibitor area. Please note that a height limit of 1.90 m applies to car parks P1, P3-P9. For vehicles over 1.90 m, car park P2 is available. Exhibitors can order parking season tickets for the entire period of the event. The parking season tickets give you the opportunity to leave and re-enter the parking lot several times a day. Ordered parking tickets are then

immediately available for download in the store. It is possible to print the parking ticket or save it on a smartphone.

8. Invitation codes

Invitation codes to be passed on to customers can be ordered in the "[closed exhibitor area](#)". The online codes can be converted into a "print at home ticket" on the Internet after appropriate registration. Your customers do not have to go to the checkout.

It is your choice how you want to make the invitation codes available to your customers.

Download: Click on "Download" if you want to send the invitation codes from your own e-mail account or in a letter.

E-Mail dispatch: You can also send the invitation codes directly via the "closed exhibitor area". All you have to do is enter the desired number of codes as well as the name and e-mail address of the customer you wish to invite.

PDF vouchers: You would like to have something in your hand when you meet your customers? No problem - just create print vouchers by clicking on "Generate PDF". Your company name as well as your hall and stand number are already filled in, but can also be changed if you wish to order the invitation codes for your co-exhibitor, for example. Two voucher codes are displayed per DIN A4 page. Under "Details" you will find an overview of which invitation code you have sent by e-mail or downloaded as a PDF at any time.

Note: PDF vouchers must also be converted into a Print@home ticket in the Online Ticket Shop.

9. Demonstrations and advertising on the stand

9.1. Demonstrations and advertising

The trade fair organiser's permission must always be sought for the use of acoustic advertising media, microphones, amplifiers, music (live or from sound recording media). In this respect, the organiser also reserves the right to attach reasonable conditions to the permits where applicable (time frames, volume or similar). Permits that have already been issued can be restricted or revoked in the interest of the trade fair / exhibition running in an orderly manner. If there is an infringement, the exhibitor is obliged to indemnify the organiser from any compensation claims which are made by other exhibitors due to disturbances as a result of violations. See also point V.10 "Advertising" of the "General Terms and Conditions of Participation" along with point 5.9 "Scenic display" and point 5.13 "Musical reproductions" of the "Technical Guidelines" on our website.

9.2. Radio applications

The operation of high-frequency equipment and radio systems is subject to approval by the Federal Network Agency and must be agreed with MESSE ESSEN GmbH to ensure a uniform distribution of frequencies and to eliminate mutual interference as far as possible. The operation of high-frequency equipment and radio systems will only be approved if the equipment or systems concerned meet the requirements of the German Law on Telecommunications Systems (Gesetz über die Fernmeldeanlagen, German Federal Law Gazette Part I) and of the German Electromagnetic Compatibility Act (Gesetz über elektromagnetische Verträglichkeit von Betriebsmitteln).

If exhibits are displayed or stand decorations used that involve electrical, magnetic or electromagnetic fields, the requirements of the 26th Regulation on the Implementation of the German Federal Immission Control Act (26. Verordnung zur Durchführung des Bundesimmissionsschutzgesetzes) must be met. The electrical installations used in exhibits and exhibition stands must be implemented in such a way that any unacceptably high levels of circuit feedback caused by harmonics in the exhibition supply network are avoided (see also point 5.3.3. "Technical guidelines").

The recording of personal data (in this case, location data and movement data, IMEI, IMSI, telephone calls) is prohibited.

You can obtain further information from the [Federal Network Agency](#).

The service centre 4/80 (DLZ 4/80) of the Federal Network Agency in Mülheim an der Ruhr is responsible for processing applications.

10. Produkt piracy / preliminary injunction

In the event of infringements of the Design Law, Trade Mark Law or Copyright Law during the fair, we can put you in touch with a patent lawyer or solicitor at short notice.

11. Prohibition of dogs

Please note that no dogs may be brought onto the trade fair site.

In regard to this, we draw your attention to the TierSG (Animal Health Act) pursuant to §§ 27, 28, 29, 62, 63 and 64.

Stand: 21.12.2021/ Subject to change

12. Prohibition of smoking

There is a general smoking ban in the halls.
Smoking is only allowed in the designated smoking areas.

13. Opening times / presence on the trade fair site outside the opening times

Exhibitors who would like to be on their stand outside the official trade fair opening times in justified exceptional cases (stand party, night-time work, photography work, special events, etc.) need to obtain the appropriate permits. In these cases, we would be grateful if you get in touch with our contacts, Mr Bylsma or Mr. Kästner.

14. Deposit regulations for exhibitors

If you still do not have a valid exhibitor pass on the first day of the trade fair, at the entrance (trade fair information) and entrance gates, you will receive a deposit confirmation certificate, which entitles you to enter the trade fair site for 90 minutes. A security deposit of € 50.00 will be levied, which you will be refunded within 90 minutes upon presentation of a valid exhibitor pass at the respective entrance.

We wish you every success for your trade fair preparations and remain,

Yours faithfully

Your MESSE ESSEN - Team
